

“Being a member of a
family is a
priceless privilege that
costs nothing but **love.**”

-The Gift of Family

Download and print out these Family Fun Cards then give to each member of your family so they can write down their ideas of engaging activities and events. Designate a box in your home as the “Family Fun Box”- much like a suggestion box – where each of these cards are submitted. Then, every Friday night, one member of your family pulls out a card and announces which activity the family will enjoy together over the weekend. It’s a simple, spontaneous way to connect and grow closer – plus have fun while you do so!
